WELCOME AGAIN TO KELBURN

It is my privilege and pleasure to invite you to our Second Annual Production Sale on Monday, June 17th. We hope that you will be able to come early and see our breeding herd.

The interest displayed in our annual sale offering has been most gratifying. Your concern in our cattle has a great bearing upon our efforts to bring forward each year a stronger group of cattle.

Our aim is to maintain a breeding herd which will produce the stock bulls and replacement females which are so necessary to continually move forward in the improvement of Shorthorn cattle.

To ensure continued progress in the difficult task of improving the quality of cattle, we have added a new Junior Herd Sire, "Bapton Copyright," by Calrossie Constellation. He is expected to arrive at Kelburn Farm about May 5th and will be on display on Sale day.

Our offering consists of 12 bulls and 27 females, many of which come out of our top producing families.

The cattle will be offered in thrifty condition and we are confident that they will be profitable cattle to own.

We invite all interested in Shorthorns to be with us on Monday, June 17th, and hope the day will be most pleasant and profitable for you.

Geo. DePape, Manager

GENERAL INFORMATION

TIME—Monday, June 17th, 1957, at 2 p.m. Central Daylight Saving Time.

GUARANTEE—The herd is fully accredited. The owners will arrange for the necessary government health certificates for any animals sold for export. Bulls are guaranteed breeders if properly cared for, and not allowed to run with the herd. If a bull fails to breed he may be returned to the seller if in as good condition as when bought and, if after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of the sale are guaranteed to be breeders. Bulls proving not to be breeders or females not three months in calf at time of sale must be reported to the seller within six months of the sale date.

Animals returned to seller because they do not comply with guarantee will be at buyer's costs of transportation.

REGISTRY—A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.
